ANCHOR

anchor pdf

What do you mean by "anchor"? Are you trying to create links to certain locations in a PDF file? There are different ways to do that. The most straight forward is to create a bookmark. To do that, open the "Bookmarks" pane, then go to the target page, click on the "New bookmark" button and provide a name for your new bookmark.

how to anchor in a pdf (Edit PDF) - Acrobat Answers

Anchor PDF page and take notes by OneNote 2013, 2010 for SumatraPDF Reader. Anchor to OneNote for PDF is an add-in for SumatraPDF Reader. Once the content has been sent to OneNote, the add-in creates a so-called anchor inside the note, which once clicked, will open the source PDF document. screenshots.
