Everest Tibet Programme Description: Introduction: Mount Everest at 8,848 metres / 29,035 feet is perhaps the most coveted mountain in the world. The north (Tibetan) side is the least expensive way to climb it, and the dates we have chosen feature the best weather of the year. Our proposed schedule allows for a careful and safe ascent, as well as multiple full descents to Chinese basecamp and/or ...

Rock climbing is an activity in which participants climb up, down or across natural rock formations or artificial rock walls. The goal is to reach the summit of a formation or the endpoint of a usually pre-defined route without falling. Professional rock climbing competitions have the objectives of either completing the route in the quickest possible time or attaining the farthest point on an ...
