Geriatrics, or geriatric medicine, is a specialty that focuses on health care of elderly people. It aims to promote health by preventing and treating diseases and disabilities in older adults. There is no set age at which patients may be under the care of a geriatrician, or geriatric physician, a physician who specializes in the care of elderly people. Rather, this decision is determined by ...

Background. Stress-Induced Cardiomyopathy (SCM), also known as Takotsubo Cardiomyopathy or Apical Ballooning Syndrome, is an acute, transient and non-ischaemic cause of left ventricular dysfunction often precipitated by periods of stress 1. Diagnosis often follows evidence of left ventricular hypokinesia despite a normal coronary angiography.
