2 Four philosophical approaches to transformational learn- ing, recent developments in Mezirow's theory, and foster- ing transformational learning are discussed.

An Update on Transformational Learning | Lisa Baumgartner

Service-learning is an educational approach that combines learning objectives with community service in order to provide a pragmatic, progressive learning experience while meeting societal needs.. Service-learning involves students in service projects to apply classroom learning for local agencies that exist to effect positive change in the community.

Service-learning - Wikipedia

Learning styles refer to a range of competing and contested theories that aim to account for differences in individuals' learning. These theories propose that all people can be classified according to their 'style' of learning, although the various theories present differing views on how the styles should be defined and categorized.: 8 A common concept is that individuals differ in how they learn.

7/26/2010 1 Creating a Values Based Leadership Model Gary Manka JS Bragg Miami University

Creating a Values-Based Leadership Model

To begin, it is important to distinguish blended learning from other forms of learning that incorporate online opportunities. First, blended learning is distinguished from that of enhanced classroom or fully online learning experiences (see Fig. 1).However, it is not clear as to how much, or how little, online learning is inherent to blended learning.
