

ORNAMENTAL BAMBOOS

ornamental bamboos pdf

The bamboos / b æ m ? b u ? / are evergreen perennial flowering plants in the subfamily Bambusoideae of the grass family Poaceae. The word "bamboo" comes from the Kannada term bambu (????), which was introduced to English through Indonesian and Malay. In bamboo, as in other grasses, the internodal regions of the stem are usually hollow and the vascular bundles in the cross-section ...

Since bamboos are one of the plants I collect, I did have collected many types and I have also gotten rid of many types of bamboo as well. There are basically 2 ways to get rid of bamboo. 1)Cut all the culms down to the ground with a lopper or chainsaw and keep repeating until the grove runs out of energy or shoot buds.
