#1 NEW YORK TIMES BESTSELLER #1 AMAZON BUSINESS BOOK OF THE YEAR. Ray Dalio, one of the world's most successful investors and entrepreneurs, shares the unconventional principles that helped him create unique results in life and business—and which any person or organization can adopt to better achieve their goals.

Principles by Ray Dalio

Expert power is an individual's power deriving from the skills or expertise of the person and the organization's needs for those skills and expertise. Unlike the others, this type of power is usually highly specific and limited to the particular area in which the expert is trained and qualified.

Power (social and political) - Wikipedia

It was this book that kicked-off the Marginalist Revolution, which corrected theoretical errors of the old classical school. These errors concerned value theory, and they had sown enough confusion to make the dangerous ideology of Marxism seem more plausible than it really was.

In 1998, Dairyland developed Evergreen, a green power program that gives electric cooperative members the opportunity to voluntarily contribute to the increased use of renewable energy sources without the financial burden of installing their own larger system. Starting at \$1 per month, a member is assigned one Evergreen block of 100 kilowatt-hours (kWh) of clean, renewable energy.
