An urban chicken or backyard chicken is a chicken kept on a residential lot. Keeping chickens is becoming increasingly popular. The primary reasons for keeping chickens are as pets and for eggs. Some people will sell the eggs for side income.. Keeping chickens in an urban environment is associated with the "urban agriculture", sustainability movement, which is the growing practice of ...

## **Urban chicken - Wikipedia**

Poultry farming is the process of raising domesticated birds such as chickens, ducks, turkeys and geese for the purpose of farming meat or eggs for food. Poultry - mostly chickens - are farmed in great numbers. Farmers raise more than 50 billion chickens annually as a source of food, both for their meat and for their eggs. Chickens raised for eggs are usually called [by whom?] layers while ...
