In computer programming, an indentation style is a convention governing the indentation of blocks of code to convey program structure. This article largely addresses the free-form languages, such as C and its descendants, but can be (and often is) applied to most other programming languages (especially those in the curly bracket family), where whitespace is otherwise insignificant.

He-Man is the principal superhero of a series of comic books and several animated television series, characterized by his superhuman strength. In most variations, he is the alter ego of Prince Adam. He-Man and his friends attempt to defend the realm of Eternia and the secrets of Castle Grayskull from the evil forces of Skeletor.
