A letter is one person's written message to another pertaining to some matter of common concern. Letters have several different types: Formal letters and informal letters. Letters contribute to the protection and conservation of literacy. Letters have been sent since antiquity and are mentioned in the Iliad. Both Herodotus and Thucydides mention letters in their histories.

x During organ growth, cell activity needs to be coordinated. Di Mambro et al. identify a mechanism that acts in one tissue and yet coordinates activity throughout the root. Control of the levels of the hormone auxin, specifically in the lateral root cap, is sufficient to coordinate cell differentiation of all tissues thus ensuring coherent root growth.
