Woodworking is the activity or skill of making items from wood, and includes cabinet making (cabinetry and furniture), wood carving, joinery, carpentry, and woodturning

Woodworking - Wikipedia

The dowel reinforced butt joint or simply dowel joint has been a very common method of reinforcing butt joints in furniture for years. They are common in both frame and carcass construction. Dowel joints are popular in chairs, cabinets, panels and tabletops. They are also used to assist with alignment during glue up.

Butt joint - Wikipedia

The panel design features feet with slip joints to slide onto the panel. Though this photo shows sloping feet, the plan offers an

alternate flat and square design so you can add a shelf at the bottom of your display.
